Is this an Auto/Steel Partnership project? Yes No (choose one)

Abstract: (200 to 300 words, present facts that are new and significant and include results achieved) Abstracts for GDIS presentations are distributed solely for the purpose of reviewing merit for selection of the associated presentation at GDIS and should not be circulated in any manner otherwise. If the abstract results in selection for presentation at GDIS and after the GDIS event, the author and/or presenter is expected to give permission to publish both documents on the AISI website(s).
